Narrative

ER Nurse Kay Smith from Mercy Hospital stated that Caleb's biological father, Dwayne Thomas, and his paternal grandmother, Theresa Thomas, brought Caleb to the Emergency Room after seeing injuries to Caleb during visitation. Nurse Smith stated that Caleb has a blister extending 2/3 cm of his scalp that appears to be from a burn; a circular burn on the back of his left hand; a blister on the back of his left index finger; an "old" bruise on his forehead; a linear bruise along the base of his neck; two circular quarter sized bruises on the mid back along his spine and both eyelids swollen. Caleb's mother, Maria Miranda, is at the ER as well and states that the burns were caused by a lamp that Caleb pulled over on himself while in the care of her boyfriend, Tyrell Hughes. The treating physician is concerned that, at a minimum, Caleb is not being supervised properly.

Caleb is being treated for his injuries and will be discharged; however, the doctor is holding the child at the ER until DCFS has made contact.
